The Mail from Brockville, &c., Md., is received by 5 p. m. of Wednesday and Saturday, each week, and closed for those places at 9 p. m. of Monday and Thurs-day.

Upper Mariboro, &c., Md., received by 4 p. m., Monday, Wednesday, and Friday, and is closed same days at 9 p. m. of Monday received Tuesday, Thursday, and Saturday, by 5 p. m., closed Sunday, Tuesday, and Friday, and is closed Sunday, Tuesday, and Thursday, at 9 p. m., warrenton, Middleburg, &c., Va., received Sunday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday, by 17 p. m., closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and on the p. m., to 9 p. m., to 9 p. m., to 9 p. m., to 9 p. m., and p. m., a

PROSPECTUS OF THE "NATIONAL MON-UMENT,"

A weekly journal to be published in Washington, under the sanction of the Washington National Monument Society.

JAMES C. PICKETT, EDITOR AND PUBLISHER.

Monument Society.

JAMES C. PICKETT, EDITOR AND PUBLISHER.

The Monument is intended to be a literary, agricultural, and miscellaneous paper. It will contain selections of the literature of the day—the best that can be found in American and English publications: interesting scientific articles, embracing mechanics; foreign and donestic news; a synopsis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

The Monument will be published for the express and the sole purpose of aiding in the erection of the noble column now rising on the banks of the Potomac, in honor of the Father of his Country, and which every one who venerates the mane of Wassinstoron would rejoice to see completed. After disducting out of the subscription the expenses of the journal proposed to be published, the remaining funds will be faithfully applied, and without reserve, to the purpose indicated. The sid, therefore, of all who are willing to contribute to so patriotic an object, and one so entirely unitional, is carnestly requested. By subscribing to the Monument, a valuable journal at a low price may be obtained, while it will be doing something, at the same time, towards completing that majestic memorial of the Nation's gratitude.

The Board of Managers recommend Mr. Pickett, formerly Fourth Auditor of the Treasury and Charge d'Affairs to Foruth Auditor of the Treasury and Charge d'Affairs to Foruth Auditor of the Treasury and that go the proposes to edit and publish the Monument journal, as one well qualified to perform the duties of editor, and to conduct the paper faithfully, and satisfactorily to the subscribers. They assure their fellow-citizens that this enterprise is not a speculation got up for individual emolument. Mr. Pickett will make the experiment with his own means and at his own risk; if successful, he will receive nothing more, and he asks nothing more, that a very moderate compensation

by credit, none can be given. Societies and clubs will be furnished with the MONUMENT

on the following terms: 3 copies for \$5; 5 copies, \$8; 10 copies, \$15; &c.

Those who are disposed to patronise the MONUMENT are e who are disposed to patronise the MONUMENT are

requested to howard their names to the General Agent, without delay. The first number will be published early in May, and the second on the second day of August, and weekly thereafter; time being allowed for the Prospectus to be circulated, and for the agents to make returns. As all subscribers will be contributors to the Monument itself, their names will be published in the paper.

WASHINGTON. April 23, 1851.

WASHINGTON, April 23, 1851.

GODFREY PATTISON, & CO., OF NEW YORK, Itake leave to inform their friends and the public, that they have taken up the Importing Business on their own account. For the future they will confine themselvas strictly to the Commission Business, for the purchase of dry goods, in Glasgow, Scotland.

From their long experience in the trade, they feel confident that they can promote the interest of these engaged in the importation of dry goods, and they respectfully solicit orders, which shall have their best attention.

The name of the firm in Glasgow is changed to Godfrey Patrison & Co.

The Name A Co.

The New York firm being dissolved, they will be pleased to receive orders through their agent, James Pattison, No. 31 Pine street, New York. GODFREY PATTISON & Co., Commission Merchants,

gow, Scotland.

No exhibitor of Agricultural Implements at the above named Fair, having received one-half the amount of premium awarded us on the different kinds of Implements and Machines, it is conclusive evidence that ours were considered the best and most valuable on exhibition.

At the great Fair of the Maryland Institute, for the promotion of the Mechanic Arts, held in Baltimore in October and November, 1850, the first premium (a heavy Silver Medal) was awarded to Eara Whitman, jr., for the largest and best display of Agricultural Implements. Also first premium (another Silver Medal) for his Improved Wrought Iron Ballway Horse Power, which was made for exhibition at the World's Fair, in London, in May, 1851.

Our stock this season will be the largest ever offered in this city, and probably the largest in the world, consisting of more than 8,000 Ploughs, 250 Threshing Machines, 1000 Wheat Fans, 1000 Corn Shellers, 500 Straw Cutters, 500 Cutlivators, Reaping Machines, Whest Drills, Corn and Cob Crushers, Burr Stone Mills, Cider Mills, Hay and Cotton Presses, together with every article which a farmer or planter could wish in the prosecution of his pursuits; all of which will be sold on reasonable terms, at wholesale for retail.

At the old stand, 55 Light st., Baltimore, Md.

CAMPER, BERRELEY, & BRUPF, No. 245 Baltimore street, have received an entirely new and choice accordment of English, French, German, and American Dry Goods, suitable for the spring trade, embracing all the various styles pertaining to their line, and to which they invite the attention of their customers and microhants generally visiting this market.

These goods have been selected with great care and attention, and will be sold on as favorable terms as at any similar establishment in the country. We name, in part, DRESS GOODS—embracing a choice variety. Gro de Rhines, rich instres, in all widths and qualities Satio de Chenes

A New Route to Pittsburg.

VIA THE BALTIMORE, SUSQUEHANMA, AND PENN-SYLVANIA RAILROADS.

THEOUGH TO PITTSBURG IN 33 HOURS. An express train of cars will leave Calvert Station daily, with the U. S. Mail from Washington and Baltimore, at 8½ a. m., connecting with the Fast Line at Middletown at 1 p. m., arriving at Harrisburg at 1½ p. m., at olinner.

The train leaves Harrisburg for the West at 2 p., m. arriving at Hollidaysburg at 8 p. m. At this point, passengers have the option of taking either the Cars to Johnstown, thence by Packet Boats, or Stages direct from Hollidaysburg to Pittsburg.

Tickets will be sold to the following points, by this train, to wit: York, Wrightsville, Columbia, Marietta, Middletown, Harrisburg, Newport, Millerstown, Perrysville, Lewistown, McVeystown, Huntingdon, Hollidaysburg, and Pittsburg.

This train also connects with the Cumberland Valley Railroad, which passes through Carliale, Shippensburg, Chambersburg, and other points on this road.

For the accommodation of passengers from Washington for any of the above points, the Baggage Master of the Company will be at the Depot of the Baltimore and Ohio Railroad Company on the sarrival of the Morning Cars, at 8 a. m., to receive the Baggage, which will be carried free of charge to Calvert Station.

Austin's Magic Freezer,

Austin's Magic Freezer,

Through in six minutes. For the preparation of Ice Creams, Water Ices, &c.—Patented September 19, 1848.

THE distinguising merits of this Apparatus are—
1st. The astonishing rapidity of the process, surpassing belief—hence the name.
24. The Cream during the progress of freezing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and delicacy of flavor, for which the Ice Cream of our best Confectioners is so highly prized.
3d. It does not require a tenth part of the labor that the common Freezer does.
4th. It does its work better, producing a better article, in every respect, than by any other mode.
5th. There is a considerable saving in ice, as the tub needs no replenishing during the operation.
The annexed testimonial from the Proprietor of the Eutaw House will put to rest all doubt.
"Having witnessed the process of freezing Ice Cream in Austin's Magic Freezer, two quarts of Cream having been frozen in the incredible short time of six minutes, I cheerfully recommend it to the public."

H. F. JACKSON,
Eutaw House, Baltimore, May 15, 1848.
"This is to certify, that during the summer of 1848 I.

cheerfully recommend it to the public."

H. F. JACKSON,

Eutaw House, Baltimore, May 15, 1848.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons,) making from 10 to 50 gallons per day during the season; and so far as regards expedition and power, I consider it decidedly the best freezer now in use, as I have had with it no difficulty in making ten gallons of superior quality lee Cream from five of plain cream, in thirty minutes from the time I commenced working it.

A. H. BROWN,

AMERICAN HOUSE, HANOVER STREET, BOSTON. THE Uniersigned having entirely rebuilt and en-larged the above extensive establishment, contain-ing in all about three hundred and fifty rooms; would respectfully give notics that it is now ready for the reception and accommodation of the travelling commu-city.

reception and a commodation of the travelling community.

An extended notice of the unsurpassed conveniences of this House is deemed superfluous, as the numerous improvements which have been made cannot be properly given in an advertisement. Suffice it to say that no expense has been spared to render any apartment perfect. The furniture was made expressly to order, regardless of cost, and certain portions of it, especially the Drawing rooms, will be found to be of the most beautiful and tasteful manufacture. The Dining-rooms are capacious, and the hours for meals will be so arranged as to suit the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor piedges himself that the American House shallbe truly the Traveller's Homemar 24

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS.

At the close of each study, or branch of study, the members of the class are carefully examined, and, at the clos of the year, in all the studies of the year, in the presence of a Committee of the Trustees; and their attainment are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION.

In addition to daily morning and evening prayer, divine worship is held twice on every Sunday, and the recitation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardian may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentees.

Two at least of the Professors, with their families, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION. RELIGIOUS INSTRUCTION.

such rooms as may be assigned them by the Faculty.

ADMISSION.

In order to admission to pursue the entire course, a student must be at least fourteen years of age; must give satisfactory evidence of good moral character; and must sustain an examination in the following studies, viz:

Arithmetic, Elements of Algebra, Latin and Greek Grammar, Jacob's or Felton's Greek Reader, and the first two books of Xenophon's Anabasis, Jacob's or Deoring's Latin Reader, Sallust or Cæsar, Cicero's Select Orations, and Virgil, or what shall be deemed equivalent.

EXPENSES.

Latin Reader, Saliust or Caesar, Giesro's Select Urations, and Virgil, or what shall be deemed equivalent.

EXPENSES.

ENTRANCE FEE.—If the student enter as Freshman, five dollars; if as Sophomore, ten dollars; if as Junior, fifteen dollars; and if as Senior, twenty dollars.

All dues are payable in advance. The tuition is remitad, on application, to all students designed for the Min-

For students who do not design to prosecute the whole For students who do not design to prosecute the whole Course required for a degree, a more limited range of stu-dies is furnished, adapted to the sphere and course of life of each individual, so far as such can be reasonably antic-ipated.

The studies of this Course are arranged under the following departments, to wit:

1st. A MATHEMATICAL DEPARTMENT—In which, beginning
with Arithmetic and Algebra, the student will be carried,
scriotim, through all the higher branches of the Mathematics, ending in their application to Natural Philosophy,
Astronomy, &c.

2d. An English Department—Comprising instruction
of the graphs, Reading, Electrical Compression, Westing 20. AN ESGLISH DEPARTMENT—Comprising instruction in Orthography, Reading, Eleoution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Intellectual Philosophy, Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Chalatteria.

Christianity.

3d. A MERCANTILE DEPARTMENT—In which will be im-

3d. A Mercantle Department—In which will be imparted an acquaintance with all that is necessary to qualify youth for the immediate duties of the counting-house, including—

1. Penumanship—By an original and popular system of this art, which invariably produces a bold, finished hand, peculiarly adapted to the purposes of the accountant and business man.

2. Arithmetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per contage; together with all such operations as are requisite for a thorough knowledge of the business of the counting-room.

quisite for a thorough knowledge of the business of the counting room.

3. Book-keeping—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of account books.

4th. An AGRICULTURAL DEPARTMENT—Comprising a selection from the English and Mathematical courses; and, also, Surveying, Botany, Mineralogy, Geology, Chemistry, and Agricultural Chemistry; the last two illustrated by experimental lectures.

5th. A Civil Engineer Department—In which are taught Arithmetic, (mental and written.) Algebra, (mental and written.) Geometry, Trigonometry, Surveying, with the use of instruments in the field, Practical Engineering, Architecture, Perspective, Draughting, and Topography.

neering, Architecture, Perspective, Draughting, and Topography.
6th. A TEACHER'S DEPARTMENT.—The course of study
will consist of a judicious selection of subjects from the
other departments, including all the branches pursued in
our commou schools. Practical Lectures will also be given
on School Teaching, both as a science and as an art.
Pupils will not only thus receive the fullest instruction
relative to the best and most popular methods of teaching,
but they will also have opportunities of exemplifying
them, by hearing recitations in the lower departments of
the Institution.

the Institution.

Tth. A DEPARTMENT OF MODERN LANGUAGES—In which students who wish to take a thorough course can have an opportunity of doing so; while others, whose object may be to acquire sufficient knowledge to translate with facility, and to pronounce with tolerable correctness, in as short a time as possible, are also provided for.

Newark Academy.

Newark Academy.

By a late re-organization of this department of Delaware College, the Board of Trustees have taken measures to place it upon a new and improved foundation, and to endow it with advantages possessed by few similar institutions in the country. The Academy, heretofore merged in the College, and of course subjected to all the evils which have been found to attend the amalgamation of the two departments in the same building, and under the same government, now enjoys the privilege of a separate establishment, without losing those which-result from its relation to the College proper.

A large and elegant edifice, with all the necessary fixtures of a complete boarding establishment, has been erected and furnished, in which the students of the Academy board, under the immediate charge of the Principal and his Assistants; and all its exercises are conducted on a system of its own, uninterrupted by the interests or operations of the other department. The furniture of the study-rooms and dormitories has been chosen with peculiar reference to comfort and convenience for study; and no expense has been spared in providing the apparatua necessary to render the means of instruction complete; giving to Newark Academy facilities for pricate study and comfortable accommodation of students, fully equal to those afforded by many of our colleges.

From its Intimate relation to the College, students of

comfortable accommodation of students, fully equal to those afforded by many of our colleges. From its intimate relation to the College, students of the Academy enjoy many advantages not generally obtained at institutions of this kind. Those who wish to tained at institutions of this kind. Those who wish to pursue some particular branch which falls more properly within the College course, may be admitted to recite in any of the College classes. Students also of proper age and discretion, by recommendation of the Principal, and permission of the Faculty, may enjoy the use of the College Library without additional charge. Admission also may be had to the Lectures, and such other privileges of the College as can be profitably enjoyed by academical students.

The charge for Boarding, Washing, Fuel, Light, &c., with tuition in the English, Latin, and Greek, is seventy dellars for the Summer Session, and seventy-five for the

with tuition in the English, Latin, and Greek, is seventy deliars for the Summer Session, and seventy-five for the Winter Session. The only extras are one dollar per session for incidental expenses, and a fee of eight deliars for Modern Languages, and a fee of five deliars for Drawing, from those who enter these classes. The sessions and vacations of the Preparatory Department are the same as those of the College.

Rev. MATTHEW MEIGH.

Rev. MATTHEW MEIGS, A. M., President of Delaware College. Newark, Delaware

WILMINGTON BOARDING SCHOOL FOR BOYS. This institution to situated in

Wilmington and another the courter of the city of Winnington, entirely beyond the settled portions of the town. The uniform healthfulness of the location may be inferred from the fact that, since the establishment of the school, about twenty-eight years, very few cases of serious indisposition have occurred among the pupils, and not a single death either here, or from diseases contrasted while here.

The course of instruction includes, besides the ordinary English branches, Natural Philosophy, Chemistry, Physiology, History, Khetoric, the various branches of Mathematics, and the Latin, Greek, and French languages. Particular attention is paid to the higher Mathematics and their application to Mechanics and Engineering; the latter and Surveying are taught practically by field operations, with the use of appropriate instruments. Lectures on Natural Philosophy and Chemistry, in which all the important principles are illustrated by experiments, are regularly delivered before the students.

As the object is to make the instruction as thorough and practical as possible, no expense has been spared in providing suitable apparatus. It is believed that, in this respect, the Institution will compare favorably with any similar one in the country. A carefully selected library, of more than one thousand volumes, containing works on the various branches of Lilerature and Science, furnishes ample reading matter; while a Laboratory, fully supplied with apparatus and tests, contains all that is necessary for practical instruction in Chemical Manipulation.

The school year commenced on the third Second-day (Monday) of the Ninth month, (September,) and is divided into four quarters of eleven weeks each, leaving a vacation of two months, from about the middle of the Seventh month (July).

THE TESTIMONY OF ONE OF OUR LAWYERS.—
Mr. JAS. L. HAMILTON.—DEAS SR: Although the number and respectability of the testimonials of which you are already in possession, as to the efficacy of your Medicine, "THE GREAT VA. REMEDY," in the diseases, which it is designed to cure, are sufficient, in my opinion, to establish its reputation, and seeing for it such patronage as will adequately reward you for the discovery of so inestimable a Medicine—yet the great benefit which I have derived from its use, and the salutary effects which I have witnessed from its use, and the salutary effects which I have derived from the use as you may think proper to make of it, this formal acknowledgment of its sanitary virtues. My own case was Dyspepsia of long duration, and very aggravated in its character, manifested by an almost total destruction of the digestive functions, great debility, nervousness, emaciation, and impaired appetite, with pain, and a burning sensation in the left side of the chest, palpitation of the heart, vertigo and congestion in the head, and many other symptoms indicative of the worst type of the disease, by the use of three or four bottles of your preparation, been entirely relieved. The cases of my friends, in which your Medicine was taken, were Dyspepsia, Chronic Headache, and Sore Throat, in all of which it proved efficacious, after the trial of a vast number of other remedies without benefit. Your medicine is as pleasant to the taste as a cordial, and in my experience corrects all derangement of the stomach, restores the wasted or enfeebled energies of the digestive organs, and imparts strength and reanimation to the whole system.

Very respectfully, yours, &c.,

J. HOWARD GRIFFITH,

Marshall Buildings,

Baltimore, Aug. 24th, 1850. MORE HOME EVIDENCE.

VALUABLE LAW BOOKS. WE invite the attention of the Profession, and others desiring Law Books, to our very extensive stock, which, we believe, contains the best assortment of American Publications in the United States. Particular attention given to furnishing or completing Libraries for the Departments, Associations, and States.

Orders by mail promptly and carefully executed.

English Common Law Reports,

English Common Law Reports,

58 Folumes, with a complete Index to the first 41 Volumes.

Since volume 39 of this series, The English Common Law
Reports have been reprinted in full. With volume 44, we
commenced binding each English volume separately, instead of, as formerly, two English in one American volume.

Price—For the first 43 vols., \$3 50 per vol.

For the succeeding, 2 50 "

The reputation which these Reports maintain in England and in the United States is known to all the Profession. The low price at which they are offered, compared
with the rates of some of the principal American Reports,
of even inferior merit, recommends them particularly to
the attention of those purchasing Libraries.

A General thack to the stress of the stress

New English Exchequer Reports-Pleas and

New English Exchequer Reports—Pleas and Equity.

To be reprinted in full, in best style, with American Notes, by J. I. Clark Harr and H. B. Wallace, Esqrs, at \$2.50 per vol., bound.

Including McClelland and Younge, Younge and Jervis, Crompton and Meeson, Crompton, Meeson and Roscoe; Meeson and Younge and Collyer—in Equity.

Meeson and Weisby, in 19 vols., Welsby, Hurlstone and Gordon, vol. 1, published and ready for delivery.

**The We take pleasure in referring to the accompanying letters, explanatory of the character of these Reports, and their value to the Profession in this country:

CAMBRIDGE, January 25, 1845.

Messrs. T. & J. W. Johnson:

Gentlemen—In reply to your letter, I can with great

Gentlemen—In reply to your letter, I can with great sincerity say, that I entertain a very high opinion of the recent Exchequer Reports. In my judgment they are not excelled by any cotemperaneous Reports, in learning, sbillity, or general utility and interest. The cases decided are discussed with great care, and expounded with uncommon force. I scarcely know of any volumes which I deem of more importance or value for a Professional Library.

JOSEPH STORY.

CAMBRIDGE, January 25, 1845.

Gentlemen: Your letter of the 24th has been received, in which you ask my opinion as to the value of the English Exchequer Reports, from Price downwards to this time, to an American Lawyer, and as to the expediency of reprinting them in this country. Of the high value of these Reports, both on the Pleas and Equity sides of the Court, I have not the least doubt—the decisions of this Court for the last fifteen or twenty years, both at Equity and in Common Law, being entitled to equal respect with any others in England. I should think an American Lawyer's Library essentially incomplete without them.

I am, gentlemen, very respectfully yours,

SIMON GREENLEAF.

Messrs. T. & J. W. Johnson.

Fourth Series—Forty Volumet.

Twelve Dollars a year, bound—Ten Dollars in Numbers.

The cheapest Law Periodical in the United States.

It is our determination to make the Law Library the cheapest series of reprints of English Law publications in this country. The Editorial Department will, we trust, be found fully to realize the expectations of those who have enjoyed Smith's Mercantile Law, Touchstone, Broom's Legal Maxims, Archbold's Nisi Prius, Archbold's Landlord and Tenant, Crabb on Real Proporty, Smith on Contracts.

The high reputation which the "Law Library" has acquired throughout the United States, by the character of its volumes, and by the cheap rate at which its valuable contents have been presented to the Profession, is the best evidence we can offer of its merits and its claims for your support. We hope, and will aim, to retain this high character. Fourth Series-Forty Volumes.

Leading Cases in Law and Equity. In Three Series-With American Notes.

In Three Series—With American Notes.

1. White and Tudor's Leading Cases in Equity, I vol. 8vo. \$4 50; with copious and elaborate American Notes, by Messrs. Hare & Wallace.

2. Smith's Leading Cases, 2 vols.—\$10.

Thir! American Edition—with Notes and References to late E: rlish and American Decisions, J. I. Clark Hare and H. B. 'fallace, Esqrs.

3. A verican Leading Cases, 2 vols.

Containing voluminous and learned notes o the Leading Cases in Mercantile Law decided by the American Courts. Edited by John Innis Clark Hare, Esq., and Horace Binney Wallace, Esq.—\$9.

The English Ecclesiastical Reports.

The English Ecclesiastical Reports.

Seen Volumes—\$24 50.

Furnish a series of Decisions in the Ecclesiastical Courts of England and Scotland, from 1790 to 1838, and contain seventeen English volumes condensed in seven.

"We respectfully commend this series to the notice of the Profession. It contains the only reports of the many important cases of Wills, Settlements, Divorces, &c., and covers the whole of that important branch of the law embraced in this country by the Orphans' Court Practice.

"It would be difficult to point to any English Reports of more general value in the United States, than this selection of Decisions."—Marvin's Legal Bibliography.

British Crown Cases Reversed.

Three Volumes—49.

From 1796 to 1840—To be continued.

The Decisions upon the Crown Cases reversed for the consideration of the Twelve Judges of England, are of the first importance to the due administration of the criminal justice of the country; and in committing to the presentes which have occurred during a recent period of more than forty years, the publishers believe that they are making an acceptable communication to the Profession and the public.

The three volumes already published contain all the Reversed Cases since Leach.

The three volumes are any parties of the three volumes are any parties of the second three volumes are any parties of the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are as a second to the second three volumes are a second to the second three volumes a

Tapacott's General Emigration and Foreign Ex-change Office,

For conveying Passengers to and from Great Britain and Ireland, and remitting money to all parts of England, Ireland, and remitting money to all parts of England, Ireland, Rottand, and Wales.

NOTICE.

BALTIMORE AND WASHINGTON RAILROAD.

BALTIMORE AND WASHINGTON RAILROAD.

On and after WEDNESDAY next, 9th instant, the station on Pennsylvania avenue will be vacated, and the new one on New Jersey avenue occupied.

The Passenger trains will leave the latter, commencing at 5 p. m., as usual, at 6 and 9 a. m. and 5 p. m. daily, except on Sunday, when but two trains run, viz., at 6 a. m. and 5 p. m.

In making this change, the undersigned desires to call attention to the rules of the Company, in regard to the reception and delivery of merchandise:

1st. Shippers are reminded, that in all cases a bill with full directions should accompany the goods.

This is for the protection of both parties, and unless compiled with the goods cannot be received.

2d. Consignees are notified that all merchandise must be removed on the same day upon which it is received, as the Company cannot hold itself responsible for any thing left in its house during the night.

The hours for reception and delivery of merchandise are from 8 a. m. till 4 p. m.

The undersigned takes occasion to remark that those are not new regulations, but he has been compelled to call attention to them from their frequent violation, which has caused much and serious inconvenience.

FURNISHING MAIL LOCKS AND KEYS.

FURNISHING MAIL LOCKS AND KEYS.

POST OFFICE DEPARTMENT,
March 14, 1851.

It being desirable to substitute locks and keys of some other kind for those now in use for the mail service of the United States, specimen locks and keys, with proposals to furnish the same, will be received and considered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Postmaster General, for the time being, on the part of the Postmaster General, for the time being, to extend and continue the contract in force for an additional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term

tional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no-kind of lock is prescribed as a standard, the Department relying for a selection on the mechanical skill and ingenuity which a fair competition, now invited, may develop. It is, however, proper to state that a lock suitable for the mail service should possess the following qualities, viz: durability, uniformity, lightness, and strength. For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys adopted, as well as the increase of the mail service; but it will probably never exceed in amount three thousand of the former and one thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made be allowed to make, sell, or furnish, any lock or key similar to those contracted for for any other purpose or ase than that of the Post office Department.

The kind of lock adopted must be patented, and the patentee will be required, on entering into contract, to make an assignment of his patent for the exclusive use and benefit of the Department. if the l'ostmaster General shall deem and requirement essential to the interests of the service. In case of the failure of the contractor at any time to fulfil faithfully the terms and conditions of his contract, the Postmaster General shall have the right of contracting with different individuals for such different kinds of locks as he may select, and also the right to required to such as a such as a such as a such as a such as

Philadelphia Type and Stereotype Foundry. THE subscriber would call the attention of Printer to the greatly reduced prices of the present list. The

HUNT'S MERCHANTS MAGAZINE AND COMMERCIAL REVIEW. Established, July, 1839,

BY PRESMAN HUNT, EDITOR AND PROPERTOR. THE Number for December, 1850, completed the twenty-ty-third semi-annual volume. The work has been enlarged since its commencement in July, 1839, and cach volume now contains more than seven hundred large octave pages. A few complete sets of the Magazine may be obtained at the publisher's office, 142 Fulton street, New York, neatly and substantially bound, for two dollars and a half per volume.

The following are a few of the many commendatory letters received by the editor of the Merchants' Magazine from distinguished statesmen:

ters received by the editor of the Merchants' Magazine from distinguished statesmen:

Letter from the Hon. Henry Clay.

Ashlash, 20th July, 1849.

Bear Sir: I wish to express to you the gratification I derived on receiving the July number of the Merchants' Magazine and Commercial Review, from viewing your portrait in the beginning, and from reading your address to your friends at the end of it. When we feel under obligations to those who have contributed to our information and amusement, we are naturally desirous to poercas all the knowledge of them, of their appearance, of the features of their countenance, and of the character and habits of their mind, which we can acquire. You have placed your numerous readers (at least you have me, if I may not speak for them) under those obligations; and the number of your valuable work now before me, in some degree, satisfies the desire to which I have alluded.

I have become quite familiar with the Magazine and Review, and have no hesitation in expressing my humble opinion that it is emirently entitled to the public repard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the manufacturer, to the mariner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am glad that these been, and hope that it may continue to be, liberally patronized.

Offering you cordial assurances of my esteem and regard, I am truly your friend and obedient servant, Freeman Hunt, esq.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I

Extract of a letter from Hon. Millard Fillmore.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I think it one of the most valuable periodicals that was ever published. To the merchant it seems quite indispensable, and to the statesman and man of general information almost equally desirable. It is a grand repository of useful facts and information, which can be found nowhere so well digested and so accessible as in these numbers. I only regret that I do not own the whole work."

Letter from the Hon. Thomas H. Benton.

WASHINGTON CLYY. April 30, 1840.

Letter from the Hon. Thomas H. Benton.

Washington City, April 20, 1849.

Mr. Freeman Hunt.—Sr: I owe you many thanks for the opportunities I have had to read the Merchants' Magazine, and have found it in reality to be a magazine, and that well replenished, of all the useful matter which the title would imply, and presented with a fullness and clearness which delights while it instructs. It is, in fact, a merchants' magazine in the large acceptation of the term—merchants who go between nations, whose large operations bring many departments of knowledge, as de a view of the state of the world, into daily requisition. But it is not the great merchant only, but the one of more modest, but, nevertheless, of most useful operations—the merchant of the interior also—who will find this magazine to abound with the information the pursuit of his business and the elevation of the mercantile character requires. Nor is its utility at all confined to merchants, but extends to the legislator and diplomatist, and to all who are charged with managing the affairs of the nation. For myself, I have found it most useful to me in my schatorial labors, and have been in the habit for many years of carefully consulting it.

Very respectfully, sir, your obedient servant.

He Descriptions of the consulting it.

Letter from Hon. Wm. H. Seward.

Letter from Hon. Wm. H. Seward. My Dear Sir: Have the goodness to place my name on your list of subscribers for the Merchants' Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the government.

ment.

I am, with great respect, your humble servant,
Freeman Hunt, esq. WILLIAM H. SEWARD.
The Merchants Magazine is published monthly, at 142
Fulton street, New York, by FREEMAN HUNT, and furnished to subscribers for Five Dollars a year, in advance,
mar 24 SPRING IMPORTATION.

W. & S. PHIPPS & CO., 64 and 66 Broadway, New York, and 16 Milk street, Boston, are now re-ceiving a complete assortment of British, French, and Ger man Staple and Fancy Dry Goods, which they offer on liberal terms. N. B. Will receive the newest style of Dress Goods by every steamer. A large assortment of Trimming Goods always on hand.

BALTIMORE PIANG FORTE MANUFACTORY. ELASTIC* UNIVERSAL TOUCH.

WISE & BROTHER, Manufacturers of Bouloir, Grand, and Square Pianos, request those who would be assured of a first class Piano, one that ladies can perform on with the greatest possible advantage—one that the twerh can be instantly adjusted to the exact strength of the ingers and movement of nausic, one that will stand in concert tune, one that the tore will not become shrill and grating, that is chaste of style and elegantly made up of straight and regular curve lines, that will last an age—to give them a call. The ancient standing of the Baltimore factory, and liberal patronage of citizens and others of the first order of artistic taste and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Piano, minutely reviewed by the most accomplished civil engineers and master artists, has been denominated truly a Grand Piano; also, that their late Boudoir, for style, power, and compass of tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselves.

No. 31 Hanover street, Baltimore.

**Elastic, because the keys recover their quiescent place in time equal to the displacing. Universal, because the same instrument may be instantly altered to any degree hard, or soft touch, so that ten thousand or more performers, all different, may each find the touch they prefer.

COLD SPRING WATER CURE. WISE & BROTHER, Manufacturers of Boudgir, Grand,

COLD SPRING WATER CURE.

COLD SPRING WATER CURE.

THIS NEW AND SPLENDID ESTABLISHMENT for the scientific treatment of the various diseases with which the human system is afflicted, is situated about three miles from the city of Buffalo, in a rural spot, and so accessible from all points as to be reached without inconvenience or delay.

A line of omnibuses runs from the steamboat landings in Buffalo to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and nurscries of the Messrs. Hodges & Bryants; and the scenery in all directions is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a glance the broad expanse of Lake Erie, the Niegara flowing majestically towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving panorama of steamboats and ceaseless enterprise.

The water, taken immediately from the celebrated "Cold Spring," is unsurpassed as regards coldness and purity, by any in the United States. The house, recently erected at a cost of about seven thousand dollars, has been fitted up in a neat and elegant style, at considerable extra expense, and is sufficiently capacious to accommodate seventy-five patients.

Connected with the establishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healthful gymnastic exercises.

MEDICAL DEPARTMENT. MEDICAL DEPARTMENT.

The institution is under the general supervision of S. M. Davis, M. D., Professor of the Theory and Practice of Medicine in Central Medical College, and Geo. W. Davis, M. D., formerly of Dansville, N. Y., the resident physician, and is permanently associated with the before mentioned gentleman as counsel, and associate of the medical board of control. And the friends of the establishment deem it a matter of felicitation that the services of Miss Mary M. Taylor, a lady of high medical attainments, who has attended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

el. The steward's department is under the control of a gen-The steward's department is under the control of a gen-tleman eminently qualified for that position; and unwea-ried pains will be taken to have every thing appertaining to the establishment arranged on a plan, and conducted in a way, to ensure the comfort, and promote the health and happiness of all who may wish to avail themselves of its benefits. Baths of all descriptions, adapted to the cure of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

ountry.

An enlightened public sentiment has everywhere repu-An enlightened public sentiment has everywhere repudiated a reckless use of drugs in the treatment of disease; while intolerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a wide and fatal departure from the simplicity of Nature's laws is called for, alike by a rational love of happiness and the deplorable exigencies of our condition. Hydropathy, or a scientific use of water as a restorative and curative agent, is a practical substitution of a simple and remarkably efficacious mode of curring the sick; for that system of drugging, depleting, and cauterising, which, in obtaining the mastery over disease, too frequently places the patient beyond the reach of further annuyance. The success of the various Water Cure establishments in this country, to say nothing of any other, has fully confirmed the hopes of the early discoverers and promulgators of the great truths upon which the system is founded, and renders verbal communications unnecessary. It is deemed sufficient to say, that the "Cold Spring Water Cure" will compare favorably with any of the well-conducted establishments of a similar character, and will be found equal to the best, as regards the order, convenience, and desirableness of its arrangements. The institution is now open for the reception of patients, and in full operation.
